SUMMARY

Frontend developer with 4+ years of full-time experience turning Figma designs into pixel-accurate, responsive production interfaces. I own the frontend of a Vue.js/Laravel HRMS (reusable components, design tokens, light/dark themes) and have shipped 27+ projects across WordPress, Shopify and custom builds, with a focus on accessibility, performance and cross-browser QA.

EXPERIENCE

Frontend Developer — Team Reactivate Pvt. Ltd., Karachi Jan 2022 – Present
Intern (Jan–Apr 2022) → Junior Frontend Developer (May 2022–Jun 2023) → Frontend Developer (Jul 2023–Present)

- Own frontend delivery for TMS People, a multi-organization HRMS in active beta: reusable components, design tokens and light/dark themes.
- Deliver responsive interfaces from Figma handoff through QA, production fixes and deployment support, working with designers, backend developers and project managers.
- Resolve urgent production issues, cross-browser defects and responsive UI problems; optimize performance and support technical SEO.
- Contributed to 27+ production projects for brands including Dawlance, Shan Foods, Lux, Pond's, Sunsilk, TRESemmé, Doritos, Lipton, Red Bull and Dalda.

Frontend Developer (Contract) — ContriverMate, Remote Nov 2021 – Sep 2024

- Responsive updates, maintenance, frontend refinements and selected WordPress builds across WordPress and Laravel UI codebases.

WordPress Developer — Independent work, Remote Alongside full-time work

- Delivered 5+ WordPress projects end to end: requirements, theme customization, e-commerce, responsive UI, QA, optimization and handover. Clients include Destination Food, Syriza Textile and Sadaat Quran Academy.

SKILLS

UI engineering	HTML5, CSS3/SCSS, Tailwind CSS, Bootstrap, Flexbox/Grid, mobile-first responsive layouts, Figma-to-code, design systems and tokens, light/dark themes, GSAP/AOS animation.
Frameworks / JavaScript	Vue.js (production HRMS), Angular (project-based), Next.js/React and TypeScript (portfolio, still learning), JavaScript/jQuery, Laravel Blade.
Performance / SEO / QA	Lighthouse and PageSpeed audits, Core Web Vitals, image and font optimization, on-page and technical SEO basics (meta tags, sitemaps, clean markup), cross-browser and responsive QA, accessibility-aware UI.
WordPress / WooCommerce	Custom themes, PHP templates, ACF, custom post types/fields, Elementor/Pro, Gutenberg, WooCommerce, custom plugin work, migrations, cPanel, maintenance and security updates.
Shopify	Liquid, Online Store 2.0 sections/blocks, settings schema, metafields/metaobjects, product/collection templates, cart UI, variants, filters/search, theme publishing.
Multilingual / RTL	WPML, Polylang, language switchers, English/Arabic RTL interfaces.
Tools	Git/GitHub, Vite, npm, Node.js, Vercel, Figma, Photoshop, Illustrator, browser DevTools.

SELECTED PROJECTS

TMS People — Multi-organization HRMS · Vue.js · Laravel · Tailwind CSS · Vite
Frontend owner, end to end. Dashboards, attendance/roster screens, employee profiles, HR services and organization charts, built on reusable components, design tokens and light/dark themes. Active private beta for about 150 employees, running alongside the legacy system.

Personal portfolio · [Next.js 14](#) · [TypeScript](#) · [Tailwind CSS](#) · [GSAP](#) · [Vercel](#)

Static, responsive portfolio with JSON-LD structured data, Open Graph tags, sitemap and security headers. Lighthouse mobile: 97–99 performance, 100 accessibility, best practices and SEO; 0 axe-core (WCAG 2.2 AA) violations. [owais-raza-portfolio-one.vercel.app](#)

Dawlance Prima Range Catalogue · [HTML5](#) · [SCSS](#) · [JavaScript](#) · [Swiper](#) · [AOS](#); [Angular rebuild](#)

Built the production catalogue frontend from Figma. Later rebuilt it in Angular as a learning project (nested components, routing, Signals, @if/@for, parent-child communication). Demo: [prima-line-catalog.vercel.app](#)

Lux Style Awards — Website + jury portal · [WordPress](#) · [JavaScript](#) · [responsive UI](#)

Four annual cycles (2022–2025). Updated the public WordPress UI and owned the full frontend of the separate JavaScript jury voting portal. [luxstyle.pk](#)

HRSI — Custom WordPress platform · [WordPress](#) · [PHP](#) · [ACF](#) · [Elementor](#) · [GSAP](#) · [AOS](#) · [Swiper](#)

Built the complete frontend from supplied designs: custom theme, responsive layouts, animations and performance optimization. Recorded Lighthouse lab scores: 94 mobile / 94 desktop performance, 100 SEO. [hrsi.teamreactivate.com.pk](#)

MakeBranded — Main platform + WordPress blog · [Laravel \(Blade\) frontend](#) · [WordPress](#) · [performance](#) · [SEO](#)

Implemented and optimized the frontend of the Laravel platform and the WordPress blog. Recorded Lighthouse performance: platform 98 mobile / 99 desktop; blog 99 / 99 with 100 accessibility, best practices and SEO. [makebranded.com](#)
